PINNACLE CARDIOVASCULAR SOLUTIONS

*" Providing excellent
cardiovascular care
is our priority. "*

OUR EXPERTISE

- * Evaluation and screening of cardiovascular diseases
- * Manage cardiovascular diseases
- * Heart failure care, prevention, and education of patients and staff of partnering facilities
- * Create protocols and procedures of care in facilities we partner
- * Expert in interventional cardiovascular procedures and interventions

VASCULAR SPECIALTY

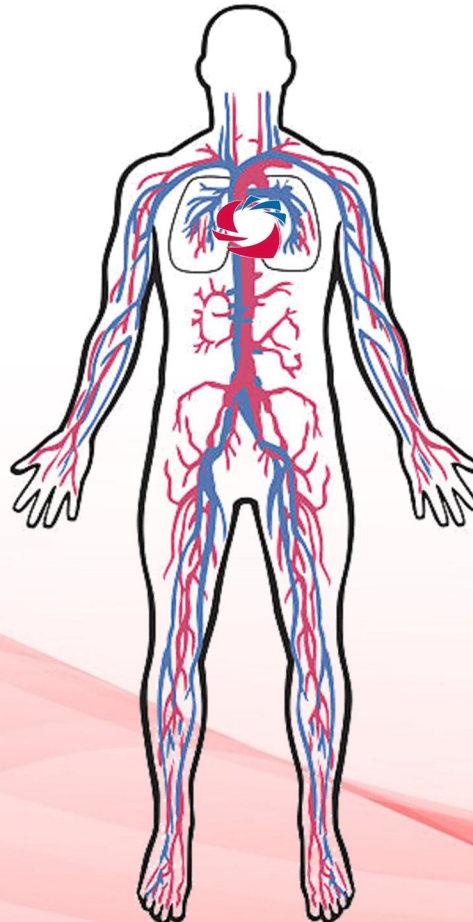

- * Peripheral arterial disease is a common condition with patients having narrowed arteries and reduced blood flow to the arms or legs. There is not enough blood flow to keep up with what the body needs
- * Chronic venous insufficiency is a form of venous disease that occurs when veins in your legs are damaged and can't manage blood in your legs to return to your heart
- * *We take pride in our work especially in opening the blockage and improving blood flow*
